## **Platform to Employment®**

»» *A WorkPlace Opportunity.*

**Platform to Employment (P2E):** <https://www.platformtoemployment.com>

Platform to Employment (P2E) creates a pathway to opportunity for job seekers. The program is a nationally recognized solution, helping the long-term unemployed get back to work.

The foundation of Platform to Employment is a five-week preparatory program for job seekers which includes skills assessments, career readiness workshops, employee assistance programs and more. Career coaches work with participants to leverage their professional experience and to develop effective job search strategies. Upon completion, P2E helps participants find open positions at local companies and offers a trial work experience.

The trial work experience becomes an extended interview where there is no risk to the employer and participants are given an opportunity to demonstrate they can do the job. The expectation is that if the company is satisfied with the performance of the candidate, a full-time job will ensue.
