

Weekly Activity Guide

March 30, 2020 to April 3, 2020

Participants have 25 “Zoom Channels” to choose from starting at 2:00 Pm and running until 5:00 PM Monday through Friday. Each channel is hosted by one of our Site Coordinators and their staff, and represents our programming at one of our 24 partner high schools. Students and Families may choose which show interests them and by **clicking on the Site Name to the left (Channel)** you will be taken to a Zoom Room, where students can interact with each other and our staff. If you attend one of these schools you are not limited to that room and can move around. **If you do not attend any of these schools please still feel free to still join us.** Although these are geared to high school students, those in other grades may still benefit. The Durant channel will offer more family / all age activities – even for elementary students.

In addition to this guide, our schedule can be found on our website or go to <https://c2pipeline.wayne.edu/virtual> This will have the most up to date links as well as include any changes in programming.

In addition to our daily virtual activities, we have many digital badges that can be done at home on your own. If you are interested we will send you out the activities and curriculum you can complete at your own pace and then upload your evidence to our platform at TALLO and we will then award you that badge.

We hope you enjoy this week’s programming and if you have ideas you would like to see or would like information on our digital badges, please email us at c2pipeline@wayne.edu

		Monday 3/30/20					
		2:00	2:30	3:00	3:30	4:00	4:30
